

KAYAKING TOURS PROGRAMME

Our popular kayak tours are run regularly all year round, we will set the times for the tours during high season (July and August) but outside these times we tend to wait for the 5 day forecast so to get the best weather for the tours.

If you do have a date in mind then we will run a tour, bookings taken 2 weeks prior to the date will give other people a chance of joining in on the fun.

Please ring for our set times during July and August.
